ABOUT US

We are an established name in the field of the Ready Mix Concrete industry for over a decade now. Our founder, Mr. Arun Kumar Srivastava, has used his expertise and industry know-how to make this company one of the most cost-effective and efficient building solutions providers in the country. His focus has always been on introducing state-of-the-art machinery, the latest technology that has helped us deliver quality and quantity as per the specific building needs of our clients.

Our portfolio includes construction companies, real estate developers, contractors and individuals. Our USP lies in our ability to deliver customisation to suit the variety of construction/building needs of our clients.

Apart from being a manufacturer and supplier of Ready Mix Concrete, our company is planning to venture into being a complete RMC solutions provider – from setting up an RMC plant to delivering the final output. Considering the robust growth of the industry in the last ten years, it is more than necessary for us to use our expertise and technical proficiency to give complete building solutions to our clients.

MANGEMENT

The company is led by Mr. Arun Kumar Srivastava who is the founder and CEO. He brings over 15 years of experience in the Ready Mix Concrete industry and is ably supported by a team of experienced professionals who have a complete understanding of the industry. Having been associated with some of the country's leading construction companies, Mr. Arun and his team has distinctive expertise and understanding of the industry that will help us achieve our goal of being the country's leading building solutions provider.
